

# J-960

The next generation Terex Finlay J-960 is a compact and aggressive mobile jaw crusher that has been designed with the customer and operator in mind. The machine has been redesigned with improved all round preventative maintenance and serviceability access points. The heartbeat of the machine is a robust direct driven Terex 900 x 600mm (35" x 24") single toggle jaw chamber which provides high capacity with large reduction ratios. Its compact size, excellent mobility and high crushing capacity even at tight settings in recycling and hard rock operations make the J-960 ideal for small to medium sized operators.

## KEY FEATURES

- ▶ A number of innovative design features have been built improving material flow through increased clearances, improved service access points and all round maintenance serviceability.
- ▶ Direct drive jaw chamber fitted with an unblock feature that maximizes uptime.
- ▶ Jaw chamber has full hydraulic wedge adjust system for quick and easy on-site adjustment of the jaw CSS minimising downtime.
- ▶ The redesigned main conveyor with 440mm (1' 5") under jaw clearance minimises restrictions when operating in recycling applications.

## TRANSPORT & WORKING

## WEIGHT

**28,000KG (61,730LBS)**  
**(WITH BY-PASS CONVEYOR AND SINGLE POLE MAGNET OPTIONS)**
